Literature numbers to be used for ordering literature are listed under each item below.

Electronic versions of most items are available at www.dhss.mo.gov/PandemicInfluenza/LiteratureOrder.pdf.

Wash Your Hands (flyer/poster) [English](#), [Spanish](#), [Bosnian](#) and English laminated, 8½"x11"

English #332
(limit 200)

English laminated
#297 (limit 10)

Spanish #238
(limit 50)

This flyer/poster provides brief instructions on proper handwashing. It is appropriate for use with all audiences to encourage good handwashing habits at all times. Display the poster in all restrooms and food-preparation areas, use as a handout in awareness displays/activities or attach to newsletters/bulletins. The Bosnian version is only available in electronic format.

Stay home if you are sick! (flyer/poster) [English](#), [Spanish](#) and [Bosnian](#), 8½"x11" and 11"x14"

English #1034
8½"x11"

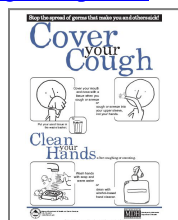

(limit 200)

English #1030
11"x14"

(limit 25)

This flyer/poster promotes staying home when sick. It is intended for all worksites and particularly clinical and residential care settings. It could be posted in employee break areas, made available as a handout for community awareness displays/activities, and handed out during employee orientations. The English version is available in two sizes. The Spanish and Bosnian versions are only available in electronic format.

Cover Your Cough/Clean Your Hands (flyer/poster) [English/Spanish](#), 8½"x11"

English/Spanish
#1031
(limit 200)

Good health habits like covering your cough and washing your hands can help prevent respiratory illnesses such as the flu. This flyer/poster provides brief instructions on the proper etiquette for covering your cough and handwashing. It is appropriate for all audiences. It is two-sided with English on one side and Spanish on the other.

Stop Help Protect Our Patients! (flyer/poster) [English/Spanish](#), 8½"x11"

English/Spanish
#173
(limit 100)

This flyer/poster promotes effective cough etiquette to reduce the spread of germs. It can be posted in entrances to hospitals, clinics, and any other public use setting in clinical facilities. It is printed with English on one side and Spanish on the other.

Cover Your Cough/Clean Your Hands (bookmark) [English](#), 2¾"x11"

English
#1032
(limit 100)

Good health habits like covering your cough and washing your hands can help prevent respiratory illnesses such as the flu. This bookmark provides brief instructions on the proper etiquette for covering your cough and handwashing. It is appropriate for all audiences to promote proper cough etiquette and handwashing in schools, colleges, businesses, daycare facilities, and in clinical and residential settings.

Stop Help Protect Our Residents! (flyer/poster) [English/Spanish](#), 8½"x11"

English/Spanish
#172
(limit 100)

This flyer/poster promotes effective cough etiquette to reduce the spread of germs. It can be posted in entrances and public use settings in long-term care residential facilities. It is printed with English on one side and Spanish on the other.

Dirty Hands Spread Disease Wash Them! (magnet) English, 2"x 3½"

English
#952
(limit 25)

This magnet promotes handwashing. It can be placed on refrigerators, on stall doors in public restrooms, on metal cabinets in food preparation areas, and in offices on metal file cabinets. It can also be given as a promotional item in awareness campaigns.

Dirty Hands Spread Disease WASH THEM! (sticker) English, 2"x11"

English
#466
(limit 25)

This sticker promotes handwashing. It can be given as a promotional item in awareness campaigns. It can also be placed on mirrors in public restrooms.

During this winter season, share the warmth – not the flu!
(flyer/poster), [English](#), 8½”x11”

This flyer/poster promotes flu vaccination for virtually everyone, especially those who have a high risk of developing complications from the flu and those who are most likely to spread the virus to those at risk. It can be used as a handout for community awareness or worksite displays/activities or attached to newsletters/bulletins during the winter flu season. It is only available in electronic format.

Scrub Club (website)

This website on germs and hygiene was developed by NSF International, a not-for-profit, non-government agency. It is targeted to school-age children and includes learning games and lesson plans. Although characters are copyrighted, NSF International has given permission on their website for the characters to be used in publications and schools as long as NSF International is credited. The Scrub Club website can be found at www.scrubclub.org/.

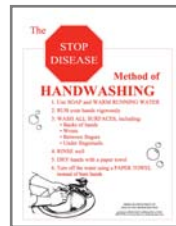

5th Guy (media campaign)

We all know a 5th Guy—the guy who doesn't wash his hands, the gal who shows up at work sick, the dude who sprays us with spittle. This campaign provides tips on how to drop just the right hint—how to say, “Hey, stop getting us all sick.” These campaign materials, developed by the Florida Department of Health, include TV and radio spots, billboards and posters that can be accessed at www.5thguy.com. For information on the 5th Guy handwashing campaign conducted by the Missouri Department of Health and Senior Services go to www.dhss.mo.gov/5thGuy/. A limited number of DVDs containing the 5th Guy announcement are available. To order a DVD contact Alyce Turner at (573) 751-6113 or Alyce.Turner@dhss.mo.gov.

The STOP DISEASE Method of HANDWASHING
(flyer/poster) [English](#), 8½”x11”

This flyer/poster provides brief instructions on proper handwashing. It is appropriate for use with all audiences to encourage good handwashing habits at all times. It can be displayed in all restrooms and food-preparation areas, used as a handout in awareness displays/activities, or attached to newsletters/bulletins. It is only available in electronic format.

Why Don't We Do It In Our Sleeves? (video) 3 minutes

Are you still coughing and sneezing the way they did during the plague? Then you need this video! This 3-minute video is fun, but it punches out a serious message that people will remember. The video was produced by OtoRhinoLounsdburgology Productions. It can be viewed at video.google.com/videoplay?Docid=857415984097771637. The video can be purchased by going to coughsafe.com/purchase.html. The price is \$25.00 for one DVD, including U.S. shipping and handling. Discounts are available for larger quantities.

WHACK the Flu (school health program)

Missouri students can learn how to keep from getting—and spreading—the flu this season. The [WHACK the Flu](#) school health flu prevention education program is now available with downloadable educational materials such as a skit, song, and posters for pre-K–3 classrooms. The program teaches young students how to help protect themselves and others from illness by using effective hygiene habits, such as washing hands appropriately and covering their coughs and sneezes. Older students, school staff, or community volunteers can be recruited and trained to perform the fun 15-minute classroom skit. For more information, go to www.dhss.mo.gov/WHACK/ or contact Alyce Turner at (573) 751-6113 or Alyce.Turner@dhss.mo.gov.
